

*Dear Lifetime Members,
Benefactors, and Patrons of the
Valley County Museum at
Roseberry,*

We need your help to raise \$18,000 to rebuild the foundation of the 100 year old McDougal General Store.

The wooden foundation of the store is completely under water again this spring.

Though the store foundation was built sturdily and lasted well for 100 years, some of the log members are now rotten, and the building is starting to rotate slightly away from vertical. This is an accelerating process – the rotation will happen more and more rapidly unless something is done.

The integrity of the 100 year old structure is threatened by the rotting foundation.

We have recently received a matching grant for \$8,000 from **Idaho Heritage Trust** to rebuild the foundation, but we will need \$18,000 more to complete the project.

Please show how you can help us:

- A one-time donation of _____, mailed in the enclosed envelope.
- I can't make a contribution now, but as a lifetime member I wish to still receive the newsletters.
- I would like to be a sponsor of the store – (our sponsors donate a set amount each year to help maintain the building.)

Thank you so much – we wouldn't be here without you!
